Payoff Score (0-100)

Payoff Score Explanation

Payoff Score measures the structural payout potential of a horizontal wagering sequence (Daily Double, Pick 3-Pick 6).

The score reflects how likely the sequence is to produce expanded returns based on:

- Field size balance (ideal near 9 starters)
- Absence of overwhelming favorites
- Distribution of competitive mid-range contenders
- Overall field strength

Higher scores indicate:

- Lower structural payout compression
- Greater upset potential within rational race design
- Stronger conditions for horizontal ticket leverage

Lower scores indicate:

- Presence of heavy favorites
- Short or imbalanced fields
- Reduced payout elasticity

Important: Payoff Score does not predict winners.

It measures economic opportunity within the betting architecture of the sequence.
